

Dear parents and carers,

We hope you had a very good summer break and we would like to welcome you all back to a slightly unusual, but nevertheless exciting Autumn Term.

Following the long period of confinement and holiday break, we have put a Recovery Curriculum in place, which we believe is most appropriate for the children at Lindon Bennett. Our focus this term is to make sure that each child is able to settle in, in a friendly atmosphere and is supported, throughout the day by familiar routines and a consistent structure. Teachers will soon send you a class newsletter with more details about the support team around your child.

We would like to extend our welcome to the new pupils joining us this year and we hope you all enjoy reading about what our KS2 pupils will be focusing on this half term.

Within our recovery curriculum, each child will work this term on their personalised learning outcomes, developing their skills in both English, Maths, PSHE and Computing as well as across all our cross-curricular lessons.

Diary dates:

Half-term holiday: Oct 26th-30th

Enrichment day: TBC

End of term: December 18th

We look forward to working with you all

KS2 Teachers

KS2 Curriculum Newsletter

Autumn 2020

Our topic this half term is **Families**.

We will be looking at *who is in our family*

what we do in our family and *what is special*

about our family.

We will learn about ourselves, about cooperation and relationships, similarities and differences and develop our

sense of identity and belonging.

In our English lessons, we will focus on Fairy tales and

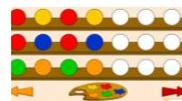

legends from around the world, developing our understanding skills and our ability to look at and identify

differences within a range of cultures.

In Maths, we will develop our understanding of Using and

Applying , taking part in a range of engaging, practical and sensory activities, including sorting, completing and creating patterns as well as solving problems.
