

CHINESE NEW YEAR

The children in Nursery and Reception participated in a celebration day to learn all about Chinese New Year.

In their classes, they took part in sensory experiences linked to food and cooking, including exploring red rice, tasting noodles and sharing fortune cookies. The children made decorations, dragons and rabbits that they took along to their parade where they danced, waved colourful streamers and listened to Chinese New Year parade music.

This special day supported the children to learn about the world around them.

The Year of the Rabbit
