

# Chinese New Year 2023

This year we celebrated the year of the rabbit.

Throughout the day, the children developed a range of skills taking part in many activities allowing them to learn about the Chinese New Year, having fun exploring colourful materials and making exciting decorations like lanterns and steamers to decorate the school corridors. They learned about some Chinese traditions, creating red envelopes and offering presents to peers around the school.

They also had the opportunity to share different food, like tasty noodles and rice.
