

We were invited to join another school at the local War Memorial for the remembrance ceremony. Some of our children went to take part before coming back to school and participate in all the Remembrance Day activities at Lindon Bennett. The children learned about respect and friendship, being grateful and also generous and they developed a range of skills, making related Art. In the afternoon, all classes met in the hall for an assembly during which they presented and shared their fantastic work and ideas with their peers.
